

Come for a Visit Stay for a Lifetime!

TOWN OF
VEGREVILLE

***We invite you to
experience an unmatched
quality of life!***

Experience Vegreville's story – a true microcosm of the world, providing everything you need from a city while preserving its small-town charm. It will reinvigorate you with its photo-worthy landscapes, stroll-inducing neighbourhoods, go-play-outside-inspiring parks, and fibre connectivity internet.

Vegreville represents all of us – the child dreaming about summer vacation, the young couple looking for a secure community to raise a family and the professional looking to escape the busy city.

Vegreville has a rich and diverse history that has shaped it into the welcoming community it is today. Since the 1800s, we have welcomed families from around the world. Vegreville is home to almost 6,000 residents with diverse backgrounds and ethnicities.

We want to share with you – that having more time means more choice on how you can live your life.

Innovation has always been synonymous with Vegreville. Vegreville's Pysanka (The Egg) was an architectural, mathematical, and engineering marvel built in 1974. Brilliant minds came together to employ the world-first computer modelling and build one of Alberta's most beautiful and artistically innovative objects.

More family time.....

Research shows that commuters in the city spend an extra 142 hours driving in rush hours over the year. That is over 5 days (**over 4 work weeks**) in a year just stuck in traffic!

Spend your time doing what you love instead.

- Playgrounds, Parkways and Paths. Enjoy over 10 kms of walking trails or enjoy any one of our parks and playgrounds.
- Elk Island National Park is 30 minutes from town. Watch herds of bison graze along the prairie like they did 500 years ago. Have a romantic date as you stargaze in the dark sky preserve.
- In a hour you can take in an Oilers or Elks game or in 30 minutes visit the Ukrainian Cultural Village!
- Endless opportunities for fun! Annual Pysanka Festival, the Country Fair, weekly open-air markets under the iconic Pysanka, the Vegreville Speedway's Drag Races, our Corn Maze and so much more.
- Big city amenities with small town access. Brave the waterslide at the Aquatic Center, enjoy a round of nine at the Kinsmen Golf Course, sleep a little longer thanks to later hockey practice times at the Wally Fedun Arena. Get your steps in at one of our local gyms or tennis courts.

And more.....Skateboard park, Lions Club Community Spray Park and Playground, trout fishing at the Rainbow Park Reservoir and movies at the historic Capitol Theatre.

Historic downtown Vegreville's shopping offers something for everyone. Unique Vegreville gifts, amazing hair stylists and estheticians, fresh off the vine produce, steaks cut to your liking at time of order, teas for every taste, holistic healing, and super foods and natural healing remedies.

Vegreville also offers major retail shopping experiences at Wal-Mart, Canadian Tire and more. Hungry? Satisfy your cravings at one of Vegreville's many restaurants; be it major chains or mom and pop secret recipes, you'll find it all here.

Looking to get away..... Edmonton and the Edmonton International Airport are just an hour highway drive away.....

When it comes to owning a home...

Are you dreaming of owning a 3-bedroom house with a backyard, a lawn, and a swing set? A street where your kids can ride their bikes, set up a lemonade stand or spontaneously start a game of road hockey? Vegreville offers all this and more for a fraction of the price.

You can own a 3- or 4-bedroom home for under \$300,000 compared to over \$400,000 in Sherwood Park, or even more in the City of Edmonton.... and you are fibre connected.....

Wellness / Healthcare

Your entire family can have the same family doctor. There's comfort in one person understanding your family medical history and time saved by not driving around the city to appointments.

Vegreville is a hub for the region so you'll find mainstream and alternative medical options including massage therapists, physiotherapists, chiropractors, holistic health services, mental health services, and fitness centres.

There is also an abundance of special services provided through St. Joseph's General Hospital, Vegreville Community Health Centre, Vegreville Family Clinic, Alberta Health Services, and Vegreville and District Family and Community Services. Visit the Vegreville Natural Health Centre or Regent Health to supplement your natural and healthy lifestyle.

Education

Vegreville is a community with great education opportunities for people of any age and any skill set. With a local preschool, two elementary and secondary school systems, distance learning, and connections to surrounding colleges - quality education is extremely accessible to anyone in our community.

For those parents with young children, the Vegreville Preschool Association offers a tailored version of Alberta Education's Kindergarten Curriculum. Through a "Learn through Play" approach, children are prepared for Kindergarten and are given the ability to be outstanding members of our community.

Our town is a part of the Elk Island school district, giving parents a choice between a public or catholic school system. Both systems have elementary and high schools located in town.

Learn more about each school and the programs and courses they offer, visit their links below:

ST. MARTIN'S CATHOLIC SCHOOL

ST. MARY'S CATHOLIC SCHOOL
